More Filtration. More Features.
Better Value. Guaranteed !

I 6500 - AH

Finally! An air purifier for larger homes that attaches to central HVAC systems.

Removes harmful impurities from the air

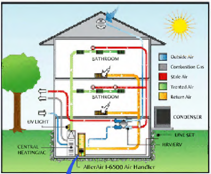
- **VOCs from paint, furniture, and cleaning products**
- **Odors and fumes, including tobacco smoke**
- **Pet dander, dust, pollen, and other allergens etc**

The I6500-AH attaches to central HVAC systems, working in conjunction with heating and cooling units

* I6500-AH units must be installed by a professional HVAC contractor.

The AllerAir I6500-AH covers more than 3000 sq. ft. Perfect for larger homes and commercial establishments.

- High dust and odor removal capabilities
- Multi-purpose filters that are easily changed
- Extremely quiet (54 dbA)
- Plugs into any 120-volt outlet



Features:

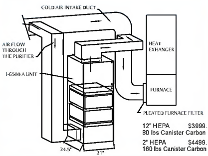
Carbon filter

1. "Adsorbs" and neutralizes gasses, chemicals and odors
2. Custom blends available for special needs

Pre-filter - PRODENSE™ Patented

HEPA filter

1. Deep-bed High Efficiency Particulate Air (HEPA) filtration
2. Traps 99.97% of airborne particles as small as 0.3 microns ($^1/_{233}$ the width of the average human hair)
3. Warm-rolled to prevent cracks at the folds
4. Laser-tested for quality and performance



12" HEPA $3999.
80 lbs Canister Carbon

2" HEPA $4499.
160 lbs Canister Carbon

Control Panel:

- 2-speed, airflow switch
- System pressure gauge to monitor hepa filter change
- Internally fused for maximum current protection

A sound investment for the health and well-being of your family.
